### Superintendent's Highlights

A very dedicated certified staff will be returning as a team for another year. Only one new teacher will be joining our staff as the core team continues offering a quality education to the Hansen students.

First year in the completed facilities went very well. Students at Hansen have taken very good care of the building. Hansen Huskies again prove they are a great group of young adults.

With increased relations between neighboring districts and the formation of ARTEC, our students will be afforded greater career and educational opportunities.

We continue to showcase our drama and music programs. We are fortunate to have the combination of gifted instructors and talented students, our fine arts program adds strength to overall curricula.

### Progress Towards Meeting District Goals

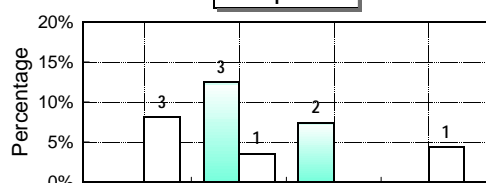

1998-99 Goals	Progress
Vocational Opportunities	With the creation of ARTEC and better communications will neighboring school districts, our students will have significant increase in vocational opportunities.
Drug Free Schools	Drug testing of extracurricular participants was successful as a positive deterrent to student involvement. While not completely successful in totally eliminating drug usage, it is a viable tool in promoting a drug free school.
Safe Schools	A group of determined teachers have constructed crisis intervention plans to help Hansen become a safer school.
Teamwork	With only one exception, our staff will be returning for another year. The success rate of our past and present students is an indication of dedicated individuals and the importance of education.
